Exciting new café opens at Darlington Beach Holiday Park

NRMA Darlington Beach Holiday Park celebrated the opening of its new restaurant "Ponds Café" on Wednesday 30th June 2010 by hosting an exclusive cocktail party.

Guests gathered at the café to enjoy a night filled with live entertainment and tasty hors d'oeuvres created by head chef Amy O'Dea. A few of the tasty treats included coconut crusted prawns, feta and spinach triangles and Mediterranean quiches.

Event organiser Alycia Wyatt said the event was a success, with guests and staff alike celebrating the important new addition to the holiday park.

"We wanted to create an evening where guests could mingle, have a great time and enjoy the food that was on offer, and I think we have certainly achieved that," Ms Wyatt said.

"The feedback has been extremely positive, with the new-look café and inspirational food being the highlight of the night."

The cool winter air didn't deter the 80 strong guests, who enjoyed spectacular fire twirlers and live music.

Guest Jann Nykolyn, from Mullaway Shop, a local business in the area, said she had a great time on the night and that the food was definitely the standout.

"I had a lovely night, there was such a nice ambience and I was very impressed by the café and the staff at Darlington Beach," Mrs Nykolyn said.

"The music and fire twirlers were wonderful, and the food was fantastic! I will definitely be recommending the café to our customers."

Emma Cassim, Product Manager for NRMA Holiday Parks, a division of NRMA Motoring and Services, owners of NRMA Darlington Beach Holiday Park, said the atmosphere on the night buzzed with excitement and the event provided a great opportunity for locals and guests to experience what the new café has to offer.

"The café certainly enhances the services offered to guests of the park, members of NRMA and locals of the Arrawarra and Coffs Coast area." Ms Cassim said.

"Ponds Café offers great food, coffee and drinks and is an excellent venue that can cater to everyone, including larger families and groups."
